FEDERATION LIMITED
REQUEST FOR QUOTATION**

1. INTRODUCTION:

When the famous White Revolution of the seventies and eighties – Operation Flood - swept through the country, Jharkhand, then a part of undivided Bihar served merely as a market and saw little of its benefits. Even though India stood self-sufficient in milk production, the eastern state of Jharkhand still depends on import of milk from other states. It was only in June 2013 when **Jharkhand State Cooperative Milk Producers' Federation Ltd. (JMF)** registered office at H.E.C., Sec-II, Dhurwa, Ranchi, (Jharkhand) – 834004 was formed by the Government of Jharkhand under Jharkhand Co-operative Societies Act, 1935 with brand name '**Medha**' with an aim to promote dairying as a source of livelihood in the rural parts of the state and propel Jharkhand towards self-reliance in milk and milk products.

JMF under the management of National Dairy Development Board (NDDB) started the milk procurement, processing and marketing activities in the state after taking over the existing Government Dairy at Ormanjhi in August 2014 and subsequently three other dairies at Deoghar, Koderma & Latehar. In 2016 NDDB supported in building a 1 Lakh Litre State of the Art Dairy Plant at Hotwar, Ranchi for the Jharkhand Milk Federation and today it is providing an alternative livelihood options to around 20000 rural families in the state of Jharkhand.

Jharkhand (झारखण्ड) is a state in eastern India. Ranchi was the centre of the Jharkhand movement (a movement called for a separate state for the tribal regions of South Bihar, northern Orissa, western West Bengal and the eastern area of what is present-day Chhattisgarh). The Jharkhand state was formed on 15 November 2000 by carving out the Bihar divisions of Chota Nagpur and Santhal Parganas. It's known for its waterfalls, the elegant Jain temples of Parasnath Hill and the elephants and tigers of Betla National Park.

Ranchi, the state capital has been selected as one of the hundred Indian cities to be developed as a smart city under PM Narendra Modi's flagship Smart Cities Mission. The city has a moderate climate and was the summer capital of Bihar until Jharkhand was separated in the year 2000. It is popularly known as a "City of Water Falls".

Area: 652 km²

Metropolitan area: 1,295 km²

Elevation: 651 m

Weather: 34 °C, Wind N at 13 km/h, 29% Humidity

Population: 10.7 lakhs (2011)

The word '**Medha**'  means *Goddess Sarasvati-the Deity of Knowledge*. Like the purity of the reverent deity, our sincere effort is to provide the people of Jharkhand the best of nature.

Our core philosophy at Medha is to stay true to our roots with a commitment to serve the people of the state with the best quality, hygienic, unadulterated milk which contributes to the development of a healthy and strong people i.e.,

'Har boond mein Sehat, Har boond mein Jharkhand'
